SPEAKING ENGAGEMENT

Cyber Security: Protecting Against Liability Risk In Any Business Environment

OCTOBER 16, 2014

Speakers: Michael D. Stovsky

Safeguarding your intellectual property, financial information, and your company's reputation is a crucial part of business strategy. With the number of threats and the sophistication of attacks increasing, it's become a formidable challenge. Join us and learn how you can protect-and strengthen-your business with the right approach to information security.

•What are the growing cyberthreats?
•How can you keep pace with new technology?
•Are your employees the weak link? How can you train them?
