I speak **tech** so you
don't have to.

I've been fluent for years.
I'll be your translator and your voice.
Whether you are a customer or a provider.
Cloud computing, e-commerce, licensing,
development, IT consulting, outsourcing,
data security.
You'll want me in the conversation.
I take the uncertainty out
of technology negotiations.
My mission is to protect IP in all its forms.
Wherever it lives. Tangible or digital.
On-premises or off-site.
I oversee contracts and facilitate agreements.
Confirm security, privacy and compliance.
Manage expectations and head off issues.
All so technology works for you
without putting your business at risk.

I'm **JEFF KOSC**.
I'm on your team.
