

BERNSTEIN

Benesch

GLOBAL SUPPLY CHAIN/STATE OF THE MARKET

Wednesday, June 15, 2022 | 3:00 p.m. ET

Please join Bernstein and Benesch for a thought-provoking webinar on the state of the market of the global supply chain.

Speakers **DAVID VERNON** (Bernstein) and **MARC BLUBAUGH** (Benesch), along with moderator **DALE VERNON** (Bernstein), will address current developments and trends impacting the supply chain, as well as regulatory developments impacting shippers and transportation and logistics service providers.

PANELIST BIOS: **DAVID VERNON** is the Senior Analyst at Sanford C. Bernstein covering Airfreight & Surface Transportation and US Airlines. Prior to joining Sanford C. Bernstein in 2010, Dave was a senior executive at several leading international transportation companies. His management experience includes positions on the Executive Management Board of DHL Express US, and senior executive roles in the supply chain solution development and third-party logistics management with the NOL Group (parent company to APL and APL Logistics). Dave began his career with A.T. Kearney's Transportation Consulting Practice, where he advised companies in the rail, express, trucking, and third-party logistics industries. As a consultant, he did extensive work benchmarking the US rail industry and working on several projects associated with the consolidation of the North American rail industry.

MARC BLUBAUGH is partner and Co-Chair of the firm's Transportation & Logistics Practice Group. Marc regularly consults with clients regarding contracting practices and operating procedures, helps clients navigate the changing regulatory landscape, manages regulatory investigations, advises regarding best supply-chain practices, and provides strategic and business advice to help clients not only minimize liability but, just as importantly, to grow their businesses.

MODERATOR BIO: **DALE VERNON** is a Principal for the Ohio practice of AB Bernstein.

We hope you can join us!
