SPEAKING ENGAGEMENT

AI Regulation and Assessment | Kristopher J. Chandler

Cleveland State University Cybersecurity & Privacy Protection Conference 2024

APRIL 18-19, 2024

Speakers: Kristopher J. Chandler

Cleveland, OH

From passage of the historic EU AI Act to the launch of the NIST AI Risk Framework, this past year has seen a virtual avalanche of AI-related, laws, regulations and best practices aimed at requiring organizations to understand and manage the risks posed by AI systems. This panel will discuss how these trends are shaping the use of AI in organizations, the risks these trends create, and the challenges organizations face in developing AI governance.
