

SPEAKING ENGAGEMENT

Current Risks and Trends in Transportation, Logistics, and Warehousing Operations for 2024

JUNE 26, 2024

Speakers: [Jonathan R. Todd](#), [Robert Naumoff](#), [Brian Cullen](#)

A discussion on the latest issues and best practices for transportation, logistics, and warehousing operations. Providers and buyers of supply chain services, as well as private carriers, can all benefit from an understanding of emerging risks and trends for 2024. Hot topics will include the impact of environmental regulations, cargo theft, double-brokering risk, regulatory developments, and enforcement trends.
