

Cybersecurity: Protecting against Liability Risk in Any Business Environment

OCTOBER 16, 2014

Speakers: [Michael D. Stovsky](#)

Safeguarding your intellectual property, financial information, and your company's reputation is a crucial part of business strategy. With the number of threats and the sophistication of attacks increasing, it's become a formidable challenge. Join us and learn how you can protect-and strengthen-your business with the right approach to information security.

- What are the growing cyberthreats?
- How can you keep pace with new technology?
- Are your employees the weak link? How can you train them?

PANELISTS

- Michael D. Stovsky, Partner, Benesch
- John Brosnan, Senior VP, Aon Financial Services Group, Professional Risk Services
- Gary Sheehan, Chief Security Officer and Director of GRC Services for ASMGi
- Alan "Skip" Westfall, Managing Director, Forensic, Investigative and Dispute Services, Grant Thornton
