Data Privacy Issues for the Cannabis and Hemp Industries

Overall sales within the legalized U.S. cannabis industry are expected to reach $13.6 billion throughout 2019, for a 32% increase over 2018 totals worth $10.3 billion. Combined U.S. sales of medical cannabis are projected for a 17% CAGR, from $4.4 billion in 2018 to $13.1 billion in 2025 (New Frontier Data). Benesch attorneys have been in the trenches for many years with dozens of companies in the cannabis and hemp industry across the country and know the regulations and laws that vary by state. This webinar will cover Data Security issues specifically for this booming industry.
