SPEAKING ENGAGEMENT

Emerging Insurance, Legal, and Operational Risks in Global Supply Chains | J. Philip Nester

IRMI Transportation Risk Conference

JUNE 2, 2026

Speakers: J. Philip Nester

Featured Practices: Litigation

Featured Industries: Transportation & Logistics

This session examines the evolving legal, insurance, and operational risks shaping today's global supply chains, with a focus on ocean, air, road, and rail transportation. Attendees will gain practical tools to identify exposures, close coverage gaps, strengthen contractual defenses, and align operational practices for a more resilient, multimodal risk-management framework.
