Speakers: [Jonathan R. Todd](#)

From supply chain disruptions to increased enforcement to sourcing diversification, the retail supply chain continues to face a multitude of challenges as well as opportunities. Retailers must build visibility and resiliency into their supply chains to address ongoing challenges, but also prepare for whatever comes next. Hear from retail supply chain experts Jonathan Todd of Benesch and NRF's Jon Gold about how retailers should be planning for issues surrounding sourcing strategies and forced labor prevention; key issues in the maritime supply chain and trends in reverse logistics.
