SPEAKING ENGAGEMENT

Sunsetting Senior Physicians from Your Physician Practice | Jason S. Greis

OJM Group Podcast

AUGUST 18, 2022

Speakers: Jason S. Greis

Jason Greis discusses the important and sensitive topic of creating win-win strategies for exiting retiring partners from a medical practice. He begins by describing his firm and practice and then gives some reasons why setting a partner exit pathway is so important for the exiting partners, the practice and younger partners. Jason covers what is typically involved to incorporate exit plans into the legal documents of a practice and why having a solid exit plan can actually be a practice differentiator for recruitment of younger physicians.
