

TCA Offers Workshop Series on Technology Issues | Eric L. Zalud

Truckload Carriers Association

APRIL 20, 2021

Speakers: [Eric L. Zalud](#)

Data Use in Litigation

Facilitated by Eric Zalud, this workshop will discuss step-by-step processes and protocols that a motor carrier can take upon receiving the proverbial midnight call of a catastrophic accident, with a specific focus upon recent and evolving technological changes and developments, that impact that course of conduct.
