The Career Development Committee of the Coalition invites you to attend an event which will offer valuable insights into the world of self-promotion and self-evaluations. Join our distinguished panel on Thursday, October 26th as they help you navigate the do's and don'ts of the self-evaluation process and provide guidance on how to best promote yourself both inside your workplace and externally.

This is Part 1 of a 2-part series. In Part 2 (mark your calendars for November 16th), Coalition members will have the opportunity to have their self-evaluations and/or business plans evaluated by senior members of the Coalition in order to produce the best work product possible for each member.
