SPEAKING ENGAGEMENT

The Impact of Health Care AI on Clinical Decisions: Legal and Ethical Challenges | Daniel Meier

New York State Bar Association, Health Law Section, E-Health & Information Systems Committee E-Health Event

SEPTEMBER 19, 2019

Speakers: Daniel Meier

New York, NY

Speakers will explore uses of Artificial Intelligence technology as applied to supporting clinical decisions in healthcare. Attendees will learn the basics about how AI has the potential to dramatically change how clinical decisions are made and the legal and ethical challenges to implementation.

Daniel Meier, Program Co-Chair
