SPEAKING ENGAGEMENT

The Impact of Regulatory Changes; A View From Many Sides | Reed W. Sirak

American Coal Ash Association and the University of Kentucky Center for Applied Energy Research - World of Coal Ash: The Workshop

OCTOBER 7-9, 2025

Speakers: Reed W. Sirak

Salt Lake City, UT

This workshop aims to explore the interplay of regulations, technologies, harvesting and market factors influencing the increasingly dynamic ash industry. Topical areas include current regulatory issues, innovative technologies, and relevant discussions on harvesting-including engineering and consulting topics, regulatory and permitting concerns, and harvesting facilities-while emphasizing ongoing marketing challenges and inquiries.
