

SPEAKING ENGAGEMENT

“Tweets,” “Likes,” and “Scrapes” in Litigation | Michael D. Meuti

American Bar Association’s Antitrust 2023 Spring Meeting

MARCH 29 - 31, 2023

Speakers: [Michael D. Meuti](#)

Washington, DC

Vast amounts of data are created each day by firms and consumers interacting and can be used as evidence in litigation. For example, social media posts can show whether certain information was publicly known prior to a firm disclosing it. Learn about new opportunities for trying cases with, and the legal issues surrounding the use of, unstructured data and machine learning methods.
