When a Customer Goes Broke: Handling Bankruptcies in the 3PL Business | Kevin M. Capuzzi

2025 International Warehouse Logistics Association Legal Practice Symposium

NOVEMBER 13-14, 2025

Speakers: [Kevin M. Capuzzi](#)

Chicago, IL

This comprehensive session addresses the critical challenges faced by third-party logistics (3PL) providers when their customers declare bankruptcy. Participants will examine the legal, financial, and operational implications of customer bankruptcies and acquire best practices for mitigating risk, recovering debt, and ensuring business continuity. The program covers strategies for reviewing contracts, understanding lien rights, communicating effectively with stakeholders, and navigating the bankruptcy process to minimize losses.
