

# Benesch COVID-19 Resource Center: What You Need to Know About the Main Street Lending Program

APRIL 13, 2020

Authors: [Matthew P. Delguyd](#), [Logan Bryant](#)

The Main Street Lending Program is being implemented by the Federal Reserve using two different credit facilities, the Main Street New Loan Facility (the “New Facility”) and the Main Street Expanded Loan Facility (the “Expanded Facility”). The New Facility will issue new loans to borrowers (made on or after April 8, 2020), and the Expanded Facility will upsize existing loans (pre-April 8). Note that different from the PPP, these loans are not forgivable.

The Main Street Facilities combined will purchase up to \$600 billion in loans from lenders. The Federal Reserve and Treasury are accepting comments on the program until April 16, and will issue additional guidance based on the comments.

## • Eligibility

- Lenders - US insured depository institutions, US bank holding companies, and US savings and loan holding companies.
- Borrowers -
  - Businesses up to 10,000 employees or less than \$2.5 billion in 2019 annual revenue.
  - Must be created or organized in the US with significant operations and a majority of employees based in the US.
  - Borrowers may only participate in either the New Facility or the Expanded Facility, but not both. Borrowers participating in either facility also may not participate in the Primary Market Corporate Credit Facility.
  - Borrowers may participate in the PPP program and the Main Street Lending program.

## • Loan Mechanics and Terms

- The Federal Reserve will commit to lend to a single common special purpose vehicle (SPV), which will purchase a 95% participation in Eligible Loans from Eligible Lenders at par value. Lenders will retain 5%.
- Loan Terms
  - **New Loan:** Unsecured term loan made on or after April 8, 2020, minimum of \$1M, maximum of the lesser of (i) \$25M or (ii) an amount that, when added to borrower’s

existing outstanding and committed but undrawn debt, does not exceed 4x 2019 EBITDA.

- **Expanded Loan:** will upsize a loan made before April 8, 2020, secured solely to the extent the existing loans are secured, minimum of \$1M, maximum of the lesser of (i) \$150M, (ii) 30% of the eligible borrower's existing outstanding and committed but undrawn bank debt, or (iii) an amount that, when added to the eligible borrower's existing outstanding and committed but undrawn debt, does not exceed 6x 2019 EBITDA.

For New Loans, the lender must pay the Federal Reserve a 100 basis point fee on the principal amount purchased via participation (95%), and this fee may be passed to the borrower. The lender will receive a 25 basis point servicing fee on the amount of the loan held by the fed.
