

My Benesch My Team Campaign – Communicare

JANUARY 17, 2013

Below is a testimonial from Steve Rosedale, Founder & CEO of Communicare.

Why do you use Benesch?

They have some excellent attorneys. I consider Harry Brown to be the best healthcare attorney in the state, if not the country. Harry and the whole Benesch team have done extraordinary work for us over the years. But they provide us with more than legal counsel. We turn to them to assist in planning our strategy on a variety of topics.

How does Benesch benefit your business?

We are in a highly regulated industry. Benesch understands our business through and through. They are exceptionally perceptive and adept at dealing with the government. They have helped us take a proactive approach to our business while still acting in accordance with ever-changing regulations.

Benesch has also been critical in our acquisitions and in the development of our strategic direction.

All of that is on top of the routine legal work they provide us - state surveys, legal contracts, negotiations, etc.

What separates Benesch from other law firms?

They have an incredible level of experience. For example, I refer to [Benesch attorney] Janet Feldkamp as a “triple threat” - she’s a nurse, a nursing home administrator and a fantastic attorney. And she’s just one of the Benesch team members.

Joe Tegreene is another member of our team. He’s been indispensable over the years and has been a tremendous support to me personally and professionally - helping us through some difficult times with his wisdom and excellent legal work.

I have nothing but the highest praise for my Benesch team.

What is it like to work with Benesch?

Because of their team approach, I’m able to go to the appropriate individual with the expertise I need for any situation. It’s a great cooperative effort to make sure that Communicare is receiving the best legal counsel available.

Every Benesch team member is capable and willing of working seamlessly with attorneys from outside their firm in order to get things done.

How involved is Benesch with your business?

I’m not sure that there’s a day that goes by that we don’t talk to someone from Benesch.

On many matters, we find the best thing to do is to assemble information and get on a conference call with our Benesch team to talk strategy.

We like to think of Benesch as more than our law firm. We consider them a trusted part of the Communicare family.
