

Benesch Advises Riata Capital Group on Acquisition of Government Window

OCTOBER 10, 2025

Benesch advised Riata Capital Group, a Dallas-based private equity investment firm, on its strategic investment in Government Window, a cloud-based integrated payments platform serving local governments and municipalities. Based in Kennesaw, GA, Government Window delivers a proprietary payments software platform that enables state and local governments to efficiently collect payments across a wide range of methods and service lines, facilitating transactions between government departments and constituents.
