AccentCare, Inc., a nationwide leader in post-acute healthcare, has acquired Steward Home Care and Hospice.

Steward Home Care and Hospice is one of the largest post-acute care providers in its region, serving more than 14,000 patients annually across eight counties in Massachusetts and New Hampshire. While under new ownership, Steward Home Care and Hospice will continue to serve as the exclusive preferred post-acute provider in Steward Health's care services network and will also participate in Steward Health Choice's accountable care organization (ACO), which covers over one million lives.

Acquiring Steward Home Care and Hospice expands AccentCare's footprint to a 16-state reach and its delivery to over 110,000 patients and clients annually.
