Benesch Client Bulletin Tops Mondaq Readership Rankings | “Government Contracting Under the Trump 47 Administration”

JULY 8, 2025

Benesch is pleased to share that the client bulletin, "Government Contracting Under the Trump 47 Administration", authored by Transportation & Logistics Practice Group Vice Chair [Jonathan Todd](#) and Senior Managing Associates [Christopher Razek](#) and [Robert Pleines](#), was the most-read article on Mondaq, a leading legal content syndication platform, during the week of June 23-30.

With the Trump Administration revoking key Biden-era Executive Orders, federal contractors may be facing a major directional shift in procurement policy. The article explores those directional changes and the value in strategically developing a business response.
