

Benesch Client Upward Health Ranks No. 6 on the 2024 Inc. 5000 List

AUGUST 15, 2024

Benesch is thrilled to congratulate our client, Upward Health, on ranking No. 6 on the 2024 Inc. 5000 list of the fastest-growing private companies in the United States. This prestigious recognition marks the second consecutive year that Upward Health has placed in the top 10, and it continues to hold the position of No. 1 among companies headquartered in New York.

Companies on the 2024 Inc. 5000 have been ranked according to percentage revenue growth from 2020 to 2023, with Upward Health achieving over 300x growth.

"We are incredibly proud of Upward Health's outstanding growth and their continued commitment to transforming healthcare for underserved populations," said Benesch Partner and Executive Chairman Ira Kaplan. "We are honored to support Upward Health in their mission and celebrate this well-deserved recognition."

Upward Health's innovative care model addresses traditional gaps in the U.S. healthcare system by focusing on whole-person care and delivering personalized services directly in patients' homes. This approach has resulted in significant improvements in health outcomes, patient satisfaction and cost savings.
