PRESS RELEASES

Benesch Continues Corporate Practice Group Expansion

MARCH 17, 2026

Featured Practices: Corporate, Private Equity

Benesch is proud to announce the continued growth of its Corporate Practice Group, which has welcomed 10 new attorneys since October 2025, with four joining in the past month alone. Driven by the firm's strategic expansion in private equity and M&A, as well as increasing demand for sophisticated transactional work, the group, co-chaired by Douglas DiMedio, Megan Mehalko, Kevin Humphries and Geoffrey Rahie, continues to expand in both size and capabilities. With more than 100 attorneys across five offices, the Corporate Group is the firm's second-largest practice group.

Recent lateral additions include Partner Terri Taibl Soni in Chicago, Partner Robert Ward in Columbus, and Of Counsel Nicholas Brill and Associate Margaret Ahern in Cleveland. Partner Neeta Sahadev, who will be based in San Francisco, is also set to join the group at the end of March.

Collectively, these attorneys further strengthen the team's capabilities in private equity-driven M&A and strategic corporate transactions. The group advises clients throughout the entire lifecycle of their investments, from initial structuring and acquisition to day-to-day legal matters and eventual exit, serving as true partners as clients scale. Their diverse experience aligns well with the group's continued focus on serving an increasingly sophisticated client base.

"We're very excited about the continued growth in our group. We're attracting talented attorneys who are enticed by our strategy and growing client base," said Megan Mehalko. "We continue to focus on serving our markets and expanding our presence in New York and San Francisco."

Kevin Humphries added, "We've been very intentional in building our practice group by listening to the market and responding to our clients' need for top-level expertise and sophistication at reasonable rates. At the same time, that sophistication is paired with the Midwestern humility and ethos of an Ohio-based firm, which makes us particularly effective when advising clients on acquisitions from founder-owners."

Benesch's award-winning Corporate Group is a trusted legal and business partner to clients in all aspects of their business, including recognized experience in executing transactions in the middle market for both private equity and corporate clients. With deep bench strength, cross-disciplinary collaboration and a relentless focus on client value, we provide strategic guidance that aligns with business priorities, mitigates risk and positions our clients for long-term success.
