

Benesch Launches App for Recruiting Attorneys

MAY 18, 2011

Benesch is pleased to announce the launch of its premiere recruiting app, 'Benesch Appportunity™' for iPhones and iPads, targeted toward law school students and lateral attorneys interested in a career at Benesch. Benesch's on-campus recruiting schedule, a listing of Benesch attorneys by law school, links to the firm's social networking sites and other resources are available through the recruiting app. A 'push' notification proactively sends an alert to users any time a job opportunity opens at Benesch. Users can send the job information directly to themselves or a friend via email.

Appportunity™ is intended to be informative and helpful, but it is also fun to use. The look is based on a stereotypical attorney's desk (scales of justice, legal pad, coffee, etc.) and it is entirely interactive.

To download the free Benesch recruiting app, visit the Apple App Store on your iPhone or iPad (keyword: Benesch).

Benesch worked with Bennett Adelson, a comprehensive IT services provider specializing in delivering Mobility, User Experience, Architecture and Development, Advanced Infrastructure and Information Worker solutions to create Appportunity.
