

Benesch Named a BTI Most Recommended Law Firm 2021

JULY 22, 2021

Benesch is pleased to announce that the firm has been named a Most Recommended Law Firm by The BTI Consulting Group, Inc. These are the most coveted recommendations — all unprompted and provided with no lists, or suggestions, or names. Corporate counsel place enormous trust in these recommendations, and will often hire a firm on the basis of a single unprompted recommendation from a peer.

The BTI Most Recommended Law Firms 2021 is based solely on in-depth telephone interviews with leading legal decision makers, and draws on data collected in BTI's ongoing Annual Survey of General Counsel. This study includes between 50% and 55% of companies participating in prior years. This approach provides for accurate analysis of longitudinal trends while simultaneously allowing for insights into new, changing, and coming shifts in the legal market. BTI is the sole sponsor of this research.
