

Benesch Named to 2025 Law360 Pulse Leaderboard

NOVEMBER 26, 2025

Benesch is pleased to announce that the firm has been named to the 2025 Law360 Pulse Leaderboard, which recognizes the top 100 law firms demonstrating national reach and influence across a wide range of litigation and transactional matters.

The Leaderboard is based on a multiyear analysis of federal litigation activity and public company deal work, drawing on data from Lex Machina and Intelligize. Rankings reflect firms' performance across 10 key litigation practice areas-antitrust, consumer protection, contracts, copyright, employment, insurance, patent, product liability, securities and torts-as well as their geographic footprint in federal courts nationwide and their work advising on significant public mergers, acquisitions and registered offerings.

The firm's inclusion reflects its expanding national footprint and the versatility of its litigation and corporate practices. Benesch continues to support clients in significant disputes, corporate transactions and public offerings.
