Benesch Partner Jonathan Todd Quoted in Global Trade Magazine on Supreme Court Tariff Ruling and Supply Chain Uncertainty

FEBRUARY 23, 2026

Jonathan Todd, partner and vice chair of the firm's Transportation & Logistics Practice Group, was quoted in a recent Global Trade Magazine article, "Global Supply Chains Face Fresh Uncertainty After Supreme Court Voids Trump Tariffs." The article examines the U.S. Supreme Court's decision to strike down tariffs imposed under the International Emergency Economic Powers Act (IEEPA) and the resulting impact on global supply chains.

Todd noted that tariffs imposed under Section 232, Section 301, anti-dumping, and countervailing duty statutes remain intact despite the ruling. He explained that the legal focus now shifts to the refund process, which is likely to involve the Court of International Trade and U.S. Customs and Border Protection.
