Benesch Partner Shaneeda Jaffer Interviewed by CBS Bay Area on 49ers Owner Jed York's Arrest

AUGUST 25, 2026

Benesch Litigation Partner Shaneeda Jaffer was interviewed by KPIX-TV (CBS Bay Area) regarding the arrest of San Francisco 49ers owner Jed York and the legal proceedings that followed.

In the segment, Shaneeda explained that York's decision to resolve the charges less than 24 hours after his arrest may have been an effort to quickly conclude the matter and avoid further public embarrassment. She noted that there appeared to be an attempt to expedite the resolution and potentially clear the record, though the case ultimately attracted significant public attention despite those efforts.
