Benesch Ranks First in Cleveland in 2013 American Lawyer Summer Associate Survey

SEPTEMBER 24, 2013

The 2013 *American Lawyer* Summer Associate Survey results are in and Benesch is thrilled to announce that our Cleveland office's Summer Associate Program has been ranked #1 in the city! Scores are based on responses in nine key areas, including interest level of the work, how much of the work was considered "real," training and guidance, interactions with partners and full-time associates, how well the firm communicated its goals, how accurately the firm portrayed itself in interviews, how it rated overall as a place to work, and the respondents' inclination to accept a job if one were offered.
