FreightWaves Highlights Benesch's Annual Investing in the Transportation & Logistics Industry Conference

DECEMBER 22, 2025

FreightWaves highlighted the firm's annual Benesch Investing in the Transportation & Logistics Industry Conference in an article examining why 2026 could be a strong year for logistics M&A.

The article features insights from a panel discussion at the conference, where industry leaders explored market conditions, capital availability, and strategic considerations shaping mergers and acquisitions activity across the transportation and logistics sector.

Benesch's annual conference brings together investors, executives, and legal advisors to discuss trends and opportunities impacting the transportation and logistics industry, underscoring the firm's role as a trusted advisor and convener in this space.
