# FreightWaves Quotes Marc Blubaugh on SCOTUS Review of Broker Liability Case

OCTOBER 3, 2025

FreightWaves quoted [Marc Blubaugh](#), co-chair of Benesch's [Transportation & Logistics Practice Group](#), in its coverage of the U.S. Supreme Court's decision to review a pivotal broker liability case, *Montgomery v. C.H. Robinson*.

Blubaugh noted that the Court's decision reflects growing urgency to resolve the circuit split over broker liability under the FAAAA. While the *Montgomery* review marks a significant step toward clarity, uncertainty remains as the fate of a second related case is still unresolved-leaving brokers, particularly smaller firms, navigating a patchwork of potential liability risks.
