

Jonathan Todd Featured in SSBCrack News on Reshoring Amid Tariffs

AUGUST 4, 2025

Transportation & Logistics Vice Chair [Jonathan Todd](#) was featured in the article, “Companies Face Uncertainty in Reshoring Amid Evolving Tariff Landscape” published by SSBCrack. In the article, Todd shares his perspective on how ongoing tariff shifts are creating challenges for companies exploring or pursuing reshoring strategies.

“What initially began as a strategic dialogue has shifted to a tactical focus on managing cost volatility and avoiding missteps,” Todd explains.

He adds, “Despite a sense of cautious optimism among some clients, many remain cautious, opting for a wait-and-see approach.”

Jonathan highlights that while reshoring initiatives gained momentum in recent years, shifting trade policies and the unpredictability of new tariffs have made many companies reluctant to move forward without greater clarity.
