# Jonathan Todd Publishes Article in Inbound Logistics on Tips for Successful Trade Compliance

MAY 1, 2025

Jonathan Todd, Vice Chair of Benesch's Transportation & Logistics Practice Group, published an article in Inbound Logistics on how companies can strengthen trade compliance programs amid rising geopolitical risk.

Todd writes that "geopolitical risk" has become a catch-all term for import, export, and sanctions compliance, and emphasizes that the fast pace of change in 2025 requires adopting meaningful compliance structures that achieve results, describing four essential pillars of an effective program.
