

# Schabes Named Fellow of the American Health Care Lawyers Association

APRIL 23, 2019

Benesch is pleased to announce that Alan E. Schabes has been named as a Fellow of the American Health Lawyers Association (AHLA).

Only a small percentage of AHLA's nearly 14,000 members are selected for Fellowship. This honor recognizes their career-long achievements, their contributions and tenure with AHLA, and their continuing service and leadership in the legal profession. AHLA Fellows are ambassadors for the Association and serve as role models and mentors to current AHLA members. The Fellows Program was established in the Fall of 2004 to recognize lifelong leaders of the Association.

Alan is a partner in Benesch's Health Care & Life Sciences Practice Group. He maintains a national health care law practice, including the representation on transactional and regulatory matters of health care private equity and venture capital investment firms, hospitals, post-acute care providers, behavioral health providers, physician and dental management service organizations, integrated delivery systems, and ancillary service providers including retail institutional pharmacy and therapy companies.

The American Health Lawyers Association is the nation's largest, nonpartisan, and 501(c)(3) educational organization dedicated to legal issues in the health care field. The Association's mission is to provide a collegial forum for interaction and information exchange to enable its members to serve their clients more effectively; to produce the highest quality non-partisan educational programs, products, and services concerning health law issues; and to serve as a public resource on selected healthcare legal issues.
