

Standing Against Violence

MARCH 22, 2021

Authors: [Gregg A. Eisenberg](#)

Last summer our firm made a commitment to Be Part of the Change. At that time, we reiterated that we stand united at all times against racism, violence and discrimination in all forms.

Sadly, our nation continues to face acts of violence and hate crimes, with the most recent deadly attacks occurring in Atlanta seemingly targeting Asian Americans. These events are unacceptable and as a firm, we stand in solidarity with all whose security and well-being continue to be threatened by hateful individuals or groups.

We have zero tolerance for discrimination or hatred in any form at Benesch. We must all continue to improve our efforts daily. Our actions can help to make a difference and we can Be Part of the Change.
