Overview

Abby Levine serves as Benesch's Chief Information Officer, leading the firm's Technology Department. An accomplished technology executive, Abby Levine brings more than 15 years of experience leading technology strategy, digital transformation and operational excellence within Am Law 100 firms. She shapes the firm's technology strategy, leading initiatives that enhance reliability, security and user experience while advancing the firm's broader business objectives.

With deep experience spanning enterprise technology, governance, cybersecurity and service delivery, Abby partners closely with firm leadership to align technology investments with the firm's evolving needs. Known for her collaborative, people-first leadership style, she builds high-performing, growth-oriented teams and fosters the adoption of new capabilities that improve agility and drive business outcomes.

Focused on technology modernization and seamless integration, Abby brings a practical, business-first lens to every initiative, ensuring that new technology investments are not just implemented but are scalable, secure and built to support the firm's long-term vision.
