Overview

Liz is an intellectual property paralegal with 10 years of experience specializing in patent prosecution. With a strong foundation in patent law and a keen understanding of the intricacies of the U.S. Patent and Trademark Office (USPTO) processes, she manages all phases of patent applications—from initial filings to post-grant proceedings.

Liz collaborates closely with attorneys and inventors and foreign associates, to navigate the patent prosecution process all over the world. She is adept at preparing the required forms for patent filings, drafting Office Action responses, recording assignments, and monitoring and attending to renewal fees ensuring that clients' intellectual property is effectively protected and enforced.
