Representative Matters

- Achieved a significant victory for Billings Hockey, LLC and East Idaho Hockey, Inc. in expedited litigation involving the enforceability of hockey league noncompete agreements. Successfully defeated efforts to prevent our clients from competing in a new league, resulting in a favorable resolution and dismissal with prejudice, while protecting their ability to compete in future seasons.

- Represented ComEd in litigating a request for regulatory approval of its first-ever Multi-Year Integrated Grid Plan, and a corresponding Multi-Year Rate Plan. Together, the plans detail every dollar the company plans to invest in providing electric delivery service over the next 4 years. In addition to ComEd, the case involved 12 parties. A total of 61 expert witnesses offered testimony, including 17 witnesses on behalf of ComEd. The regulator - the Illinois Commerce Commission - approved a $595 million increase in ComEd's revenue requirement and a $3.57 billion increase in rate base over the 4-year period. These figures represent approximately 88% of the values ComEd sought as of the close of the evidence, despite an extremely challenging regulatory environment. The market reacted very positively to the news, causing a marked increase in the value of ComEd's parent company, Exelon.
