Date:	Tuesday, July 21, 2026
Location:	Webinar
Time:	12:30 – 1:30 pm EST
Description:	Due diligence is a crucial part of any transaction, and the diligence request list drives the process. This program is interactive, talking through a complete diligence request list to understand the “why” behind the information and documents requested. By understanding the reasoning behind a diligence request list, associates can more proactively manage the diligence process. This session will be helpful for junior associates newer to due diligence, and a good refresher for all levels.
